POCHOZÍ PLOCHY:

A 3D architectural rendering of a proposed park area. The scene features a central paved walkway that curves through a green lawn. On the left, there are several young trees and a black metal structure, possibly a playground or art installation. In the center, there is a wooden deck area with two benches. To the right, there is a white pillar or monument surrounded by landscaping, including purple flowers and green shrubs. The background shows a grey wall and more trees. The overall design is modern and functional.

A 3D architectural rendering of a modern garden design. The central feature is a paved area with a wooden bench. This area is surrounded by raised garden beds filled with various plants, including white and yellow flowers, green foliage, and a large tree. A large white wall is visible in the background, and the overall design is clean and contemporary.
