

**One World, Many Voices
Project Form (Call for projects - 2013)**

Title of the Project
Feeling proud while looking out of the school window
5 key words describing purpose of the project
Active movement, good feeling, friendship
School (name of the school, address, phone number)
ZŠ Chrudim, Dr. J. Malíka 958, ul. Dr. J. Malíka 958, 53701 Chrudim, +420 469 620 607
Founder of the school (municipality, region or other public authority)
Town Chrudim
Proposers of the project (who submits the project)
Pupils / students (maximum 6 names of representatives)
Tereza Svobodová, Antonie Pecinová, Kristýna Šlitrová, Anna Zitová, Jan Caha, Matěj Koranda
Coordinating teacher, who is a contact person for grant administration (name, email, phone number)
Tereza Sommersová, sommersova@zsmalika.cz , +420 774 599 042
Project purpose and its clearly stated objectives
<p>We are students of 7th grade of Elementary school ZŠ Chrudim, Dr. J. Malíka. We are studying about how to be good citizens. We decided to do something about it.</p> <p>Our town realizes a project Healthy Town Chrudim (http://www.chrudim.eu/zdrave-mesto.html). Two of our classmates visited the town hall and talked to city representative Mrs. Šárka Trunečková (sarka.trunekova@chrudim-city.cz) who told us about some issues in our town. After discussions we decided to help with one of them: there are not enough places for young people to meet. There is no park no benches anywhere near our school. When we look out of the windows of our classroom, we see a football stadium. Mrs. Trunečková told us that our town owns this stadium and there is a part of it that is unused. So this is our plan. We would like to help to start building a meeting place for young people.</p> <p>The main objectives of the project:</p> <ul style="list-style-type: none"> • To create a place to meet peers and spend nice time with them. • To fill this place with items useful for active leisure time (fitness, educating, chatting with peers, etc.). • To learn how to organize work for public and how to communicate with representatives. • To learn how to prepare and do a fundraiser ("We don't beg for money, we make it."). • To spend nice and active time with friends while creating and running the project.
Who will participate in project realization, and what are their roles?
What class and who else from the school will be involved and what action will they take particularly?
The main organizers are students from the class VII. A from ZŠ Chrudim Dr. J. Malíka, we will be planning meetings with a town architect and together with him and invited teens from different classes of our school making the plan for the meeting place, coordinating the work at the meeting place, organizing fundraisers, advertising about the project and about fundraisers, ordering the items from different companies (e. g. hags.cz or kompan.cz), finding out about the benches for teens (calling to town representatives from the town Tábor). Finding help - volunteers from other classes will be welcome, also parents' help will be appreciated, involving teachers (some of the decoration should be made during art classes, craft classes, wood work classes, Math, English).
With whom from municipal or regional government will you cooperate? How will be those public representatives involved?
We will cooperate with Mrs. Trunečková – she is the main coordinator of the project the Healthy Town Chrudim (sarka.trunekova@chrudim-city.cz). She will be informed about the process of the project and give feedback, Mrs.

Jánská – she is the person responsible for playgrounds (katerina.janska@chrudim-city.cz) she will authorize the components for the meeting place, Mr. Ing. arch. Marek Janatka, Ph.D. the town architect (marek.janatka@chrudim-city.cz) – he will be a part of the group making the design of the meeting place + he is the one who will make the final plan on the paper, Mr.Řezníček – the mayor of the town Chrudim – he will be invited for the opening and informed by us about the progress.

Who and how will be involved from local community, public, clubs or associations?

We have to cooperate with Mr. Marousek, who is the boss off all sport places in our town, we have already talked with him and promised to let him know about our steps and also an owner of a restaurant (which is nearby our meeting place) Mr. David Lankaš - we called him and he promised to help with financing one or two items for little kids.

How long will the project benefits last? What is the long term sustainability? List also concrete activities to support project long-term sustainability and activity time schedule after the realization of the project from grant money.

We hope that the meeting place will be there for a long time, we will take care of it and before we leave our school we will try to involve younger schoolmates in helping. If the place fulfills its purpose there will be enough young people interested. We decided that every year we will organize an event on June 1st (which is the International Children Day). We hope it will become our school tradition and we will inspire other younger schoolmates and teachers.

Time schedule of realization, milestones of the project

If we get the grant
Starting the school year 2013/14 our class will meet at least twice a month to talk about the next step and to divide next work and responsibilities.

- The beginning of October 2013 – students from our class and some students from other classes will meet with representatives of the city hall: Mr. Janatka (architect), Mrs. Jánská (she is responsible for all the playgrounds in our town), Mrs. Trunečková (she is the representative of the project Healthy Town Chrudim). The goal of this meeting is to agree on what can be at the meeting place, which items, benches, decorations. Based on the compromises Mr. Janatka will make a project = a plan on a paper. (We were told that we cannot do it ourselves, that the town architect has to authorize our plans and make the final decision).
- October – preparation for the first fundraiser (planning activities, refreshment, making invitations and advertising about the project).
- The end of October / the beginning of November – first fundraiser (organizing games, selling goods we bake and make).
- After we receive the plan from the architect we start dealing with ordering the items for meeting place, ordering benches, finding a company for installing.
- December / March - making decorations, decorating the benches (one should be Math bench, the second one English bench and the third one famous quotes bench), decorating a garbage bin.
- Winter 2013 / 2014 – creating a list of rules for the meeting place and discussing it with representatives of the town police.
- April / May - installing the items, putting the place together.
- The beginning of May - planning the second fundraiser , making invitations and advertisement (school web, posters around the town, a letter to the town hall and the mayor, etc.) for the fundraiser and the opening.
- Last week of May – the second fundraiser – raising money for the opening on June 1st.
- June 1st – opening of our relaxing, fun, interesting, fat burning, friendship building, boredom killing place, made by us.

What is the planned budget (state individual items); you can mention also items financed from other sources

The total planned budget is 115 000 CZK.
We as a class VII. A promised to raise 15 000 CZK and buy 3 benches (1 classic bench and 2 teen benches, that we are going to decorate by ourselves). We spend some time at computers looking for nice benches for teens:
<http://www.youtube.com/watch?v=7aNG8BNzvcw>

Mr. Lankaš promised to sponsor 10 000 CZK – for buying 2 items for little children from a catalog www.kompan.cz (we cannot say exact items, because it needs to be authorized by the town architect and all the people we mentioned in part "With whom from municipal or regional government will you cooperate?". As an example we can mention <http://www.kompan.cz/Produkty/Houpadla-na-pruzine/-Daisy-Springer-KPL110-0401>
We are asking your organization for 90 000 CZK – for 2 – 3 items from the catalog of www.hags.cz, we also cannot give

the exact things for the same reasons as at the previous – the authorization from all the involved but as an example we can mention <http://www.hags.cz/products/sport-and-fitness/1359-fitness/1362-inshape/8037530>, <http://www.hags.cz/products/sport-and-fitness/1359-fitness/1362-inshape/8037541> and <http://www.hags.cz/products/sport-and-fitness/1359-fitness/1362-inshape/8037538>

A part of the budget will be used for paint and brushes for decoration of the benches and a garbage bin.

Total CZK amount requested as a grant from the One World, Many Voices program

90 000 CZK

Total CZK amount from other sources, if there is some co-financing

15 000 CZK raised by us
10 000 CZK sponsored by Mr. Lankaš

Please endorse, who writes this project personally (names of pupils, students or teachers)

All the students of VII. A class of ZŠ Chrudim Dr. J. Malíka:

David Antoš	Petr Bureš	Jan Caha
Adam Dalecký	Dominik Halamka	Filip Hubáček
Martin Jelínek	Matěj Koranda	Michal Novák
Matěj Piskač	Daniel Snítily	Marek Šlechta
Matěj Tezour	Nikol Andrejchová	Anna Sára Lettrichová
Petra Meinhardová	Anna Michalová	Antonie Pecinová
Vladimíra Pithartová	Kateřina Rohlíková	Nikola Svobodová
Tereza Svobodová	Kristýna Šlitrová	Aneta Tomešová
Barbora Tvrdíková	Anna Zitová	

With a little help with translating into English by their English teacher Mrs. Tereza Sommersová and the form teacher Mr. Petr Bařa.

This form should fit to 3 pages.

Any other supplements are voluntary and should be submitted as a separate file.
